Take part in developing the community's vision for the future by participating in filling out a simple questionnaire & survey hosted by the Town of Deerfield and their planning consultant, Vandewalle & Associates. The documents will take less than 5 minutes to complete.

What is a Comprehensive Plan?

Over the next year, the Town of Deerfield will be working on its 10-year update of the Comprehensive Plan. The purpose of the plan is to provide a roadmap for the Town's next twenty years, touching on ten different topic areas that include economic development, land use, transportation, historic preservation, water resources, and several others. In addition, the document contains topic-specific goals, objectives, policies, and recommendations, as well as a community-wide vision and an action plan to help prioritize future projects.
